Please refer to the Period of Cover in the 'Definitions' section of your policy documents where it confirms:

Period of Cover - Section 1 and Section 10 – the cover provided for Cancellation shall be operative from the time the Beneficiary is accepted for cover and shall terminate when the Beneficiary leaves their Home in their Home Country to commence their Trip to the United Kingdom. For all other sections of this Group Policy, the insurance commences when the Beneficiary leaves their Home to commence their Trip to the United Kingdom and terminates at the time of the Beneficiary's return to their Home in their Home Country on completion of their Trip. Any Trip that had already begun at the time of the Beneficiary being accepted for cover will not be covered. The Period of Cover is automatically extended for the period of the delay (but not exceeding 30 days in total unless otherwise agreed in writing by The Insurer) in the event that the Beneficiary's return to their Home Country is unavoidably delayed due to an event insured by this Group Policy.
